

**CLOKE**

**BORN TO BRAND**

COLLECTION 2024 / 2025

The quality behind yours.

# MAKE YOUR MARK

You have a dream.  
Maybe it's to make your people look great and feel included.  
Maybe it's to make your brand recognised.  
Maybe it's both, and more.  
Whatever the dream, if it's worth doing, it's worth doing well.

## The quality behind yours. Since 1966.

In the pages ahead you'll see timeless, well-made garments.

But it may look like something is missing. And there is - you. Or more precisely, your brand, your logo, your design.

Every Cloke is born to brand. That means using fabrics designed for embellishment. It means using construction techniques that allow branding gear to do their thing. It means a bunch of other things that together, keep the finished, branded garment looking good for years to come.

In short, we simply make the best clothing we can, so you can make your mark, both on the clothing and on your audience.

# VALUES

First up, we **CARE**. The type of old-fashioned care that sees us pick up the phone to actually speak with customers. We care because we want every Cloke experience to feel good and end with a smile.

We're **PROACTIVE** because we're always thinking about the long term and how we can improve. That's what's kept us going for over half a century.

Being **PASSIONATE** is there because we believe in our products. Every member of Team Cloke is here because they want to be part of something.

Finally, we're **RESPONSIBLE**. We own everything we do, the good and the bad. Don't expect any corporate cleansing and double-talk from us. That simply ain't our style.

SOCIALLY RESPONSIBLE

NZ COMPANY  
NZ DESIGNED

In 1966, our founder was burning midnight oil, toiling away with his fledgling one-man band children's clothing business.

Over half a century later, much has changed. The world we live in. The business model. The garments themselves.

However, other things have stayed the same. We're still New Zealand owned and operated. We're still committed to quality. We're still, and always will be, ethics driven and values based.

Here's to the rest of our first 100 years.

# A NATURAL FIT WITH THE ENVIRONMENT

Why Merino is the Sustainable Choice.

Merino is a wonderful material that is naturally kind to the environment. It's renewable, recyclable and biodegradable. Not only that, merino has unique odour absorbing properties and requires less washing, saving water and chemicals.

Merino is also naturally thermoregulating. The fibres of the wool react to your body temperature and the outside environment, keeping you warm when temperatures plummet, yet cool as temperatures rise. This makes Merino a perfect choice for uniforms and teamwear, along with outdoor enthusiasts.

Cloke Merino is 100% pure and sourced only from the very best Merino sheep.

SOCIALLY  
RESPONSIBLE

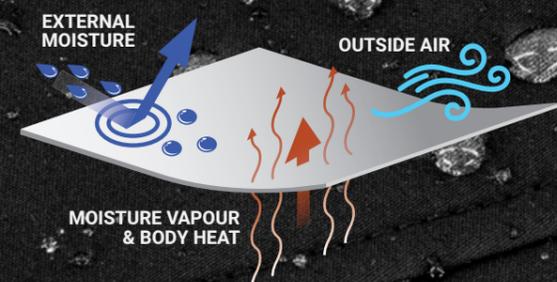

# WORLD-LEADING MEMBRANE TECHNOLOGY

The best layering up against the elements, ever.

Several Cloke styles feature a special membrane layer. A technologically advanced version of thermoplastic polyurethane (TPU), it's similar to the material used in ultra lightweight adventure tents and military-grade survival suits, and is incredibly windproof and waterproof.

You'll find this on all Cloke softshells, the new Hauroko Windproof Fleece, and the new Luxmore Heavyweight Puffer.

These products will be identifiable with this icon.

# THIS FLEECE FEELS BETTER

Made from 100% Recycled Polyester

We're transitioning all of our plain microfleece to use only 100% recycled polyester. The material retains all of the same properties as virgin polyester but is significantly kinder to the environment, preventing PET (plastic) bottles from going to the landfill and polluting the oceans.

Choosing Cloke microfleece over non-recycled options also provides a 30% reduction in CO2 emissions during the manufacturing process. That feels good, too.

## New for 2024

It's easy to identify the new fleeces with 100% recycled polyester. They will have this icon on product pages and swingtags.

# CONSCIOUS HOODS

A More Sustainable Blend

Our 300, 360 & 450 gsm cotton/poly collections are transitioning to a more sustainable blend of materials. Hoodies and sweatshirts in the range now feature a mix of 80% cotton and 20% recycled polyester. The new blend retains all the Cloke comfort and warmth expected. But feels even nicer to wear knowing it's environmentally friendly.

The recycled polyester is actually made from plastic bottles. The key ingredient in these bottles is polyethylene terephthalate, which is a resinous form of polyester. So when these bottles are taken to recycling centres, they can be chipped, melted and spun into yarn. That yarn is then used in Cloke garments, meaning your old fizzy drink bottle is now keeping you warm.

Importantly, there is no reduction in performance. Recycled polyester performs just the same as virgin polyester. So please remember to recycle. Your next hoodie might depend on it.

# FORGET ABOUT US, WORLD

We don't want to leave a mark on you.

The only lasting impression we want to leave is on you. Otherwise, we'd prefer it if the world never knew we existed and we had zero impact on the environment. We know that's pretty idealistic but we don't see any other way.

From the very beginning we work to make sure Cloke is positive for people and planet. Critical to this is our 12-point factory code of conduct, which is based on the principles set out by the WRAP Organisation (Worldwide Responsible Accredited Production). This includes the prohibition of forced and child labour, abuse, discrimination; and ensuring fair compensation, working hours and a safe working environment.

We're increasingly using planet-friendly fibres, with many of our garments now including recycled polyester content. Equally importantly, every Cloke garment is made to be worn, to be loved, and to last - ensuring it is not contributing to the landfill problem.

We use the below icons in the product pages to better define the sustainability efforts of each product. Please be sure to look out for them.

SOCIALLY RESPONSIBLE

COTTON & RECYCLED POLY

RECYCLED POLYESTER

**95%** of our courier bags are either recycled or made from waste products and are compostable

**43%** of all Cloke styles contain recycled fibres

**100%** Natural Cartons. Cardboard boxes that are not repurposed from elsewhere (we re-use everything we can) are free from toxic organochlorine byproducts

**99%** of products arrive via ocean freight, saving 400g of CO2 per KM travelled

**100%** of the warehouse lighting at Cloke is from energy efficient LEDs

## Benefits of Recycled Polyester

- Less waste going to the landfill
- Uses less fossil fuels (vs oil thirsty virgin polyester)
- Reduced energy consumption during manufacturing

## GRS Certification

The Global Recycling Standard (GRS) sets criteria for third-party certification of recycled materials, adding social and environmental requirements related to processing and chemical use. As part of our commitment to greater sustainability and transparency, Cloke became GRS Certified in May 2023.

\*Measurements are a guide only – standard industry tolerances apply.

# GET YOUR OWN WAY

Customisation & Indenting Services

## Customise Cloke

Many Cloke garments can be easily customised for a completely on-brand or coordinated team look.

- **Contrast Hood Linings.** Selected hoodies can be customised with the colour of the hood lining replaced with a contrast colour of your choice.
- **Contrast Drawcords.** Most hoodies come with drawcords the same colour as the hoodie. They can be easily switched out to your favourite colour or view the ColourMe hoodie for suggested colour combinations available as standard.
- **Zip Pulls.** All Cloke jackets with zip pulls can be customised with the zip pull colour of your choice.
- **Relabelling Garments.** We supply garments to many leading sportswear and fashion brands. We relabel these garments to feature their branding and can do the same with you.

## Indent Cloke

Indenting is where we make products specifically to order. This could be as simple as one of our regular garments but with your neck label, or as complex as totally bespoke garments – your pattern, your colour, your sizes etc.

Indent garments are made in our partner factories in Asia. The minimum order quantity and lead times can start from as little as 300 units and 3 months. However, this will vary depending on the garment type, fabrication, freight method and other factors.

# GOES LIKE CLOKEWORK LIFETIME GUARANTEE

We stand behind our products to look great, perform well, and last a long time. Every Cloke is covered by a Lifetime Guarantee against manufacturing defects in materials and workmanship for the lifetime of the product. If your Cloke fails due to a manufacturing fault we'll repair or replace it free of charge\*.

\*Lifetime refers to the lifetime of the product, not your lifetime.

\*Excludes normal wear and tear

LIFETIME GUARANTEE

# SOMETHING FOR EVERYONE

We're committed to inclusivity and making it possible for everybody to find clothing that fits comfortably and looks great. Extended size ranges are available as standard and many lines now include options up to 9XL in mens, and 24 in womens. We're also expanding the range of womens styles, which are designed to fit more naturally and feel more comfortable than ever before.

For all sizes, the half chest measurements published in this catalogue relate to the garment, not the person. These are measured from a point about 1 cm below the armhole (outside of garment), and have a manufacturing tolerance of +/- 2 cm. Measure a garment you love for comparison purposes; however please be aware that there may be variables such as fabric thickness and stretch which can affect the comparison. Please use the size charts as a guide only, and always obtain sample garments in the correct style for accurate sizing.

INCLUSIVE SIZES

# WHAT MATTERS MOST

Cloke in the Community

This has always been a company with roots in the communities in which we work and live. Giving back where we can is an important part of our company culture and we feel a genuine responsibility to help improve the places we call home.

Please know that every purchase helps support good causes in these communities and by choosing Cloke you are helping to provide comfort, support and hope for others.

## Autism NZ

This is a cause very close to our heart, with loved ones on the spectrum. Autism NZ provides services and support, education and information on autism for autistic people, their family, caregivers and professionals who engage with them. Please visit [autismnz.org.nz](http://autismnz.org.nz) for more information.

## Trees That Count

Trees That Count mobilises businesses, planters and individuals to restore Aotearoa's unique biodiversity, take action on climate risk and grow a brighter future through the planting of native trees. Want to plant a tree? If you visit [treesthatcount.co.nz](http://treesthatcount.co.nz) they can make it happen.

## Rapid Relief Team

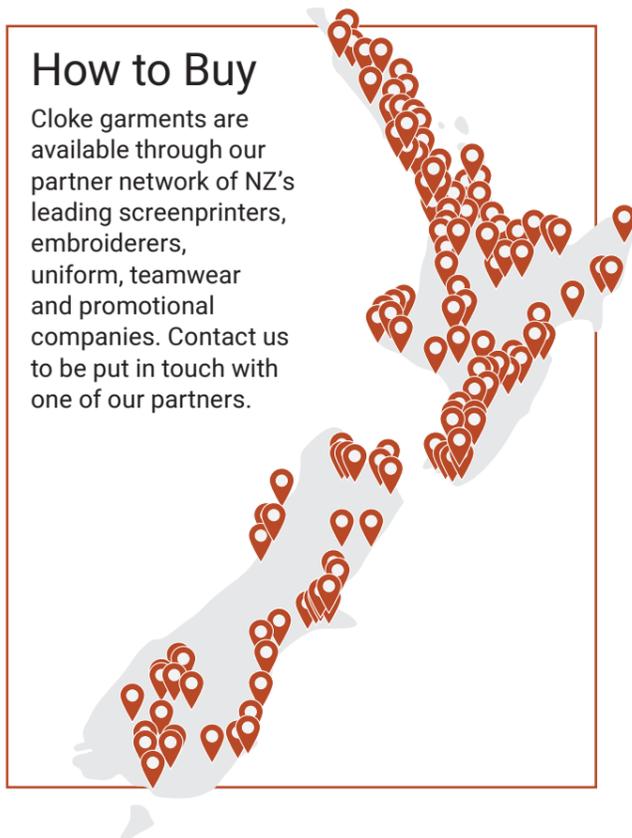

RRT is an organisation that provides support wherever it is needed. They are active in the immediate aftermath of emergencies when disaster relief is needed, and provide help in areas such as health and disability, youth services, homelessness, poverty and hardship. Please visit [rtglobal.org](http://rtglobal.org) for more information.

## Salvation Army, Women's Refuge, The Aunties & more

We have donated thousands of garments to charities, supporting people in need. Their work in fighting poverty and social distress is needed in communities throughout NZ and you can learn more information about their efforts by visiting [salvationarmy.org.nz](http://salvationarmy.org.nz), [womensrefuge.org.nz](http://womensrefuge.org.nz), [aunties.co.nz](http://aunties.co.nz)

## How to Buy

Cloke garments are available through our partner network of NZ's leading screenprinters, embroiderers, uniform, teamwear and promotional companies. Contact us to be put in touch with one of our partners.
