# A FAMILY STORY THAT STARTED 60 YEARS AGO

Back in 1966, Grandpa set up shop in a cramped room in downtown Auckland. No fancy tech, no shortcuts – just proper craftsmanship and a stubborn refusal to compromise on quality. Turns out stubbornness runs in the family, because that same approach is still running the show six decades later.

Being in business for 60 years means we know what matters most. It's thinking long-term instead of chasing quick wins. It's relationships with clients who've been with us for decades. It's our focus on sustainability. It's garments still looking great after years of wear. And it's backing every garment with a lifetime guarantee, because we mean it. Call us old-fashioned, but we reckon doing what's important never goes out of style.

Quality is the most sustainable choice you can make. We use sustainable fabrics in our garments, but the real environmental win is making garments that last, so they don't end up in landfill. Made-to-last is better for everyone. We've sorted the foundation – fabrics that take embellishment beautifully, quality that endures, and a wide variety of sizes, colours and styles that suits all.

Every garment in these pages is waiting for you. Right now they're blank, but they're waiting for your logo. Your brand. Your story. Because here's the thing about being around for 60 years – it's not really about us. It's about making gear that helps others build a story that lasts too.

Here's to the next 60 years.

The quality behind yours. Since 1966.

# MAKE YOUR MARK

## On the garments, not the planet

The only thing we want to leave behind is a lasting impression on you. Otherwise, we'd prefer the world never knew we existed - zero environmental footprint. We know that's idealistic, but we don't see any other way forward.

From day one, we've worked to make sure Cloke is positive for people and planet. Our factories follow strict ethical standards: no forced or child labour, no discrimination, fair pay, and safe conditions. Non-negotiable.

We're shifting to recycled materials wherever possible. Our fleece uses RE-TEX™ - 100% recycled polyester that cuts manufacturing CO2 by 30% and keeps plastic bottles out of oceans. Our softshells run 96% recycled polyester. Most of our hoodies are cotton, with a dash of recycled polyester for durability. It's not perfect yet, but we're getting there.

COTTON &  
RECYCLED POLY

RECYCLED  
POLYESTER

SOCIALLY  
RESPONSIBLE

**71%** of all Cloke styles contain recycled fibres natural fibres, or are a blend of both.

**99%** of all products arrive by ocean freight, saving 400g of CO2 per kilometre per metric ton.

**100%** natural cartons. Cardboard boxes that are not repurposed from elsewhere (we re-use everything we can) are free from toxic organochlorine byproducts.

**100%** of our courier bags are made from 90% recycled material and are reusable.

**100%** of the warehouse lighting at Cloke is from energy efficient LEDs.

## THE CLOKE SERVICE COMMITMENT

### Lifetime Guarantee

We back every garment with a Lifetime Guarantee.

Manufacturing defect? We'll sort it - repair or replace, no charge.

Normal wear and tear isn't covered. Neither is damage from accidents or neglect. We build gear to last, but nothing lasts forever if you don't look after it.

### 100 Days Easy Returns

We want your Cloke garments to work for you. But if not right for you or you've changed your mind, no problem.

You've got 100 days to return them. Just make sure they're unworn, unwashed, and without any customisation.

Keep them in resaleable condition and you're sorted.

### 4pm Daily Order Cut-off

Order ex-stock garments before 4pm and they ship that evening.

Our Operations team makes it happen. In 2025, 99.67% of orders placed before 4pm shipped that evening - complete and accurate.

We know deadlines don't negotiate. When time's tight and pressure's on, your order arriving on time and in full can make or break your week.

# PERFORMANCE OUTERWEAR

Cloke jackets and vests combine sustainable materials with technical features and thoughtful design to create everyday, long-lasting wearability.

## Recycled Materials

Cloke softshells are 96% recycled polyester. Same toughness, same weather protection as virgin fabric - without the environmental cost. They'll outlast most things in your wardrobe.

## Warmth Rating

An apples-to-apples comparison of Cloke jackets. From light warmth for mild days to serious insulation for the coldest conditions.

## MEM-Bar™ Technical Layer

The difference between a jacket and a Cloke jacket. We bond a technical membrane between layers that stops wind dead but lets your body breathe. No sweat. Just comfort.

## Water-resistance Rating

Water resistance by the numbers. Measured in millimetres - the higher the rating, the more water pressure the fabric can handle before it soaks through.

## Embroidery Access

Concealed embroidery access means your logo looks sharp on the outside while the backing stays hidden behind the lining. No scratchy threads. Just a clean, professional finish inside and out.

## Breathability Rating

How breathable is breathable? The rating measures moisture vapour passing through in grams per square metre. Higher numbers mean better moisture management when you're working hard.

Most Cloke jackets can be customised by adding contrasting zip pullers.

14 colours are available, with no minimum order.

Match your zip puller to your logo for a subtle yet sophisticated look.

CLOKE

CORONET JACKET

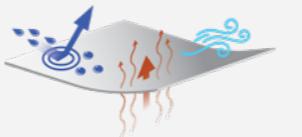

## CORONET JACKET

An effortlessly stylish jacket that performs as good as it looks. Keeping warm and dry is so easy you'll embrace the less than perfect weather we sometimes get.

### WARMTH RATING

### MEM-Bar™

### Features

**CLOKE**

# FLEECE COLLECTION

Warmer. Longer-lasting. More sustainable.

Fleece does a few things better than other fabrics. The brushed pile traps tiny pockets of air - your own personal thermal buffer against the cold. The polyester itself sheds water and dries fast. And nothing else gives you this much warmth for so little weight.

We take that foundation and build on it. Denser pile. Anti-pill finishing. So Cloke fleeces don't just keep you warm - they keep looking good wash after wash.

Most of our fleece collection uses RE-TEX™, 100% recycled polyester made from plastic bottles that would otherwise end up in landfill or oceans. Choosing recycled fleece over virgin polyester cuts CO2 emissions by 30% during manufacturing.

Warmer for you. Kinder to the planet.

CLOKE

# HAUROKO WINDPROOF FLEECE

The Hauroko Windproof Fleece keeps you warm when the temps drop, dry when the rain falls, and always, always blocks the wind.

#### Features

- Quality YKK zip for longevity
- Super-sized pouch pocket
- Long tail with side gussets
- Adjustable hood
- Adjustable waist cord

#### Fabric

- 350gsm, 100% polyester anti-pill polar fleece
- Cloke Mem-BAR™ technical layer
- Windproof, water-resistant and breathable
- Polar fleece lined

ALPINE MERINO, PG. 32

## MERINO COLLECTION

A natural super-fibre, optimised for uniforms.

Merino does the hard yards for you. It's renewable, recyclable, and biodegradable - naturally kind to the planet. Better yet, it fights odour and needs less washing. Less water. Fewer chemicals. Less hassle.

The real magic? Merino reacts to your body and the weather around you. Cold snap? It keeps you warm. Temperature spikes? It keeps you cool. That's why it works so well for uniforms, teamwear, and anyone who spends serious time outdoors.

Our merino is spun from fine-gauge fibres for warmth without bulk. Before we sew a single stitch, the fabric goes through multiple steps to hold its shape and resist pilling.

## ALPINE MERINO 1/2 ZIP

This heavyweight merino is loaded with advantages to the person and the planet. The wearer stays warm and comfortable whilst the merino itself is renewable, recyclable and biodegradable.

### Features

- Naturally quick-drying and odor-resistant
- Temperature regulating fabric, good for both warm and cold days
- Anti-pill fabric finish
- Quality reverse coil zipper

# THE HOME OF HOODIES

## Welcome to hoodie country.

This is our home. It's where our heart is.

Like grandma's muffins, 60 years of knowledge, love and passion is baked into every Cloke hoodie.

Into the mixing bowl: The finest renewable cotton for comfort. Premium recycled polyester for strength. A dash of secret sauce.

Out of the oven: Style, warmth, and quality you can almost taste.

At first glance, they might not look that different to everyone else's. But when you get your teeth in, you start discovering the differences. Softer. Smoother. Stronger.

Dig a bit deeper and you find they're better for embellishment. Logos look sharper. Prints adhere better after repeated washing.

When careful design meets quality ingredients, you have a recipe for success. The outcome is not only garments you'll love to wear, but ones that'll look better for longer.

Maybe for the next 60 years.

Time to build your story. Grab a blank Cloke hoodie and make it yours.

CLOKE

WOMENS OUTLINE  
TEE, PG. 64

OUTLINE TEE,  
PG. 62

## COTTON T-SHIRT COLLECTION

Cotton tees aren't all made equal.

Our tees, polos and singlets are 100% ring-spun combed cotton – which matters more than you'd think. Ring-spun means the cotton fibres are twisted tightly together, creating a smoother, stronger yarn. Combed means we've removed all the short fibres and impurities, leaving only the longest, softest cotton behind. The result? A tee that feels better from day one and still feels good years later.

These aren't basic tees. We combine solid construction techniques with high-quality cotton fabric. They're noticeably softer, naturally breathable, and have a smooth print surface. Add in that they're pre-shrunk, and you'll be reaching for your Cloke tee more often than you realise.

CLOKE

# OUTLINE TEE

If you want the best blank tee for printing, this one's for you. Fill in the Outline with your design.

## Features

- Tear-away neck label - make it your own
- Side seams for a better fit and prevent twisting

## PERFORMANCE TEAMWEAR

### Game on. Show your colours

When it comes to sport, you need gear that works as hard as you do.

We start with breathable, quick-drying fabrics, then dial up the durability and colour retention. Your team performs better when they're comfortable. And when they look the part, match after match, season after season.

From training to travel, warm-up to game day - gear that backs your performance.

# XT PERFORMANCE HOODIE

If you're after a team hoodie that performs as good as it looks, this is the one.

# HAVE YOUR CLOKE YOUR OWN WAY

## Customisation & Indenting Services

### Customise Cloke

Sometimes you need the details to match your brand. Hood linings, drawcords, zip pulls - we've made them easy to customise. Choose what you want and we'll handle it.

- Contrast Hood Linings.** Swap the hood lining for a contrast colour on select hoodie styles. Match your brand or mix it up.
- Contrast Drawcords.** Standard drawcords match the hoodie colour, but we can switch them out to match your branding.
- Zip Pulls.** Choose your zip pull colour. Available on all our jackets with zips.
- Sleeve alterations.** Need sleeveless? We can remove sleeves at the shoulder. Or shorten them to your preferred length.

### Relabeling Garments

You'll see more than a few leading sportswear and fashion brands using Cloke. Only you won't really. That's because we've ripped out the Cloke label and added the customer's own. We can do the same for you, if you like.

## GET IN TOUCH

You can get in touch by visiting our website: [cloke.co.nz](http://cloke.co.nz) or by emailing us: [sales@cloke.co.nz](mailto:sales@cloke.co.nz)
